How this Strengthening is structured

The causes often lie somewhere else entirely

According to Chinese medicine, eye issues often have **very different causes than people generally assume**:

- ✓ the **reproductive systems**, which often weaken the eyes
- ✓ the **organs**, which have a great influence on vision
- ✓ **negative thought patterns**
- ✓ **stressful experiences**
- ✓ **karmic influences**

What that means for you: Our Quantum AI takes **many possible causes** into account in this Strengthening, not just one of them.

Created by artificial intelligence: This Strengthening was created by our Quantum AI, an artificial intelligence that knows all the knowledge of the method.

This Strengthening is meant as support and does not replace treatment. If you have concerns about your eyes or your vision, please consult an eye doctor. Do not listen while driving or operating machinery.

The geometry behind this Strengthening

This Strengthening is built on a geometric shape. Geometries are clear patterns of points and lines: the triangle, the pentagon, the hexagon and other polygons. Each point stands for one aspect of the topic, and the lines connect all points with each other.

According to the method, this gives a Strengthening **stability**: nothing stands alone, all parts are equally strong and support each other. It is similar to a honeycomb, which is made of hexagons and is very stable with very little material.

Nature uses geometry everywhere, too: snow crystals grow with six arms, starfish and many flowers follow the number five, and the triangle is the simplest shape that stays stable on its own. The diagram in the description shows the geometry of this Strengthening.
